# COMPANY PROFILE

Excel Computers is a professionally managed Software Consultancy company, engaged in this business for the last Eight years.

## **PHILOSOPHY**

Our philosophy is **professionalism, reliability and quality**. We believe in industry standards and the use of technology appropriate to client requirements. We pride ourselves in our friendliness and approachability and are happy to chat to help explain any technology in clear language. Our ambition is to make your Software development experience as painless as possible. Our competence and experience ensures that we deliver excellent services and products to our customers. At Excel Computers we are proud of our high quality standards. These standards allow us to provide our customers with reliable and error-free software applications, regardless of complexity. Our top-notch developers use the latest software methodologies and technologies. This means that they can concentrate on our clients' business goals and keep them involved in every stage through the entire project. Our meticulous approach has helped us build our excellent track record with no failed or aborted projects. Our motto is: "**Keep IT easy!**"
